**Coordinate System:** State Plane, Zone 2500  
**Units:** Meters      **Datum:** NAD1983

### Land Use / Tax Classification

Map 5  
Conrad, MT

Tax Classification shown on this map is from Montana Department of Revenue (DOR) Cadastral Survey Data. The attribute "property type" was used to classify the parcels based on current use, such as residential, commercial, industrial, vacant, etc.

The Montana Department of Administration and Information Technology Services Division with Montana Department of Revenue maintain the Montana Cadastral Database which is comprised of taxable parcels (fee land) and public land (exempt property).

### Land Use / Tax Classification
