

Major Land Uses Crop Types

Map 19

Map Information

This map shows major land uses in Pondera county based on map information from the National Atlas of the United States - 2008. The purpose of this map is to display small-scale land use patterns in the county and surrounding region. The originator of the source data is the U.S. Department of Agriculture and the publisher of this National Atlas is the U.S. Geologic Survey. Plots of the data were checked against the original map data by the USGS Water Resources Division and reviewed by the USGS Montana office.
