

Pondera County  
**Land Slope**

Map 8

Slope data (Percent Slope) were derived from Digital Elevation Models (DEMs) developed by the U.S. Geological Survey. The U.S. Geological Survey has developed DEMs which is a seamless mosaic of best, publicly available elevation data.

To convert Percent Slope to Degree Slope, use the chart provided.

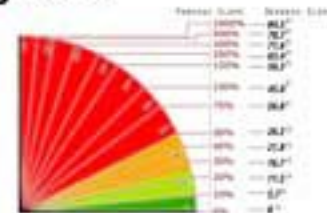

Spatial data (base maps) were obtained from the Montana Geographic Information Clearinghouse - Montana Natural Resource Information System (NRIS).
