

## Water and Sewer Town of Valier

### Map 2

This map provides an overview of the water and sewer infrastructure in the town of Valier. This map is intended to be used as a general guide and planning tool. Data were digitized and entered into GIS mapping system using hand-colored paper maps held by the town. Contact the town of Valier to see the official maps.

This map was prepared September 2010 by Global Positions, LLC as part of the Pondera County Growth Policy Project. Spatial data (base maps) were obtained from the Montana Geographic Information Clearinghouse - Montana Natural Resource Information System (NRIS).
